DETAILED ACTION

The is action is in reply to the amendment filed on 02 October 2003 (1003 amendment).
Claims 19-26, 28-31, and 33-37 are pending.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 36 and 37 are rejected under 35 U.S.C. 102(b) as being anticipated by Christin et al. (USP 5,904,957, already of record).

Gas is exhausted through gas baffle 26 in figure 2 which is clearly shown as being "about the coating zone" meeting this limitation in claim 36 and the space between gas inlets 16 and baffle 20 constitutes a distribution conduit in the coating chamber and the gas is discharged to gap 22a to a coating zone (manifold) which meets all of the limitations of new claim 36. With respect to claim 37, the top baffles 20 in Figure 2 are "opposing manifold walls" and the openings therein are clearly aligned so that there is no line of sight gas flow path from the discharge openings in the first wall 20 and the next wall 20, thus meeting all of the limitations of new claim 37.

Allowable Subject Matter

Claims 19-26, 28-31, and 33-35 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
